Letter NO AS 1670/45-46 of 24-6-46 from the Dy Commr, Kolar Dt,
forwarding a report on the matter of the Disposal of the sites
in Mullabagal Town.

8 The report received from the Dy Commr, Kolar Dt is submitted
for perusal. From the report it is seen that the Foot ball
club at Mullabagal has no hold of any sort for the

910901/2
side in question & that there is nothing in the Record
of the ml office ~~that~~ to show that the land was
given to the club at any time. It is also stated
that the land has been shown in the Assessment
Register as 'Play ground' in lieu of the fact that
it was being used as a play ground.

- 9 Further it is reported by the Dy Commr. that some
persons interested in the retention of the site as a
playground resorted to hooliganism on the
evening of the sale and assaulted some of the bidders.
That the Police have launched prosecutions against
them & that some others have also come forward with
a request that the site may be granted to the
club at an upset price of Rs 4,500/-

11/3
- 2/7/46 A number of petitions were
received from the members of Mulbagal
Jamm protesting against the disposal by the
local mlc ^{for history museum} of a piece of land which is
being used by ^{mushim club} the ^{club} for playing football.
According to the records of the mlc dated
30.1.46, the said land was divided
into 15 plots and disposed of in public auction
on 18/3/46 for a sum of Rs 4,200/-
The members objected to this disposal but they
were refused by the President of the mlc
that their claim for the land is untenable.

It appears that as the land was long vacant, the Muslims were allowed to play football there & that this is put forward as a claim to the land. The records of the ML office show that it is a property belonging to the ML cl and that the action taken by the ML cl to dispose of for building purposes is quite in order. The sale is said to have been held regularly and food prices have been regulated.

OFFICE OF THE MINISTER
FOR REVENUE
No. 3065
Date 27/5/46

The Minister for Revenue with
the Government of Mysore,

Respected Sir,

We, the natives of Mulbagal, most humbly beg to bring the following few points to your kind consideration and favourable orders

The Municipality of this place had given a field for playing Foot-Ball by our children twenty-five years ago. There were many pits and bushes in the Field. All the necessary repairs ^{and bedding} were made by the monetary help of the Public of Mulbagal. Once the same field was auctioned a few years ago, but by the kind order of the Deputy Commissioner at that time the auction was cancelled and the field once again was being utilised by our children for playing Foot-Ball. In addition to this some other persons tried to take the same field for building houses. Even that time their trial was in vain.

All these above facts are known to all the natives of Mulbagal and these were informed to the present Amildar of this place when he wanted to keep the field for auction in spite of the opposition of some Municipal Councillors. In spite of so many oppositions the present Amildar intentionally auctioned the field. His action is against the will of Hindus and Muslims which is clear by the fact that only four persons who have particular influence with the Amildar and about seven Hindu villagers of the Taluk attended the Auction.

P T O

Only four indus c the Town of the population of nearly seven thousands bought the sites His action has sown the seeds of party feelings between indus and Muslims For so many days the natives (Hindus and muslims) of this place have been like brothers and want to be like that alone for ever

We therefore, beg of you to kindly cancel the Auction held by the present Amildar intentionally We hope that our humble request will be complied with and by such act of kindness allow us to live in our place like brothers hindus and muslims alike

We beg to remain,

Petition protesting against disposal of sites in
Hulbagal town

With reference to your memo no L 12017 dated 21st May 1946 forwarding for report a petition from Mr Abdul Wahab, Secretary Muslim Football Club, Hulbagal, objecting to the disposal for building purposes of a site which was being used by the Club as a play-ground. I have the honour to forward here with the file of records received from the President, Hulbagal Municipality with his memo no L 143/45-46 dated 31st May 1946 and to state as follows -

1 The Municipal Council resolved in their meeting held on 30th January 1946 that Municipal Site No 1631 (S no 570) which, as hitherto being used as a play-ground might be disposed of for building purposes as the plot was suited for the construction of dwelling houses and as in demand. The area was marked out into 15 sites which were advertised for sale and the sale notifications were duly published. In the sale held on 18-3-46 the sites fetched bids aggregating to Rs 4200/-

2 On 5th February 1946 the Secretary of the Football Club had given a petition to the Municipal President representing that the land had been granted to their Club as a play-ground as long back as 1921 and that therefore it should not be disposed of for building purposes. A copy of an endorsement dated 10-1-1921 purporting to have been granted by the then Municipal Vice President permitting the land being used as a play-ground by the Football Club (Enc 1) was produced along with the petition. After considering the objection petition, the President issued an endorsement stating that nothing could be done in the matter as the Council had after due consideration decided to dispose of the sites, which had also been sold in pursuance of the resolution.

3 The contention of the Secretary of the Club is that the land had been granted to them in 1921 by the Municipal Council and that they should not be disturbed from possession in view

of their long enjoyment of the land for 20 years, and that when the land has still been brought for sale once before by the Municipality some 10 years ago, the sale had been cancelled on their objection.

4 The President, Municipal Council, reports that there is no record or entry in the Proceedings Books to show either that permission had been granted to the Club for using the site as a play-ground as seen from the unauthenticated copy of the so-called endorsement produced or that the land had been put up for sale 10 years ago and that the sale had been cancelled on the strength of their objection. The site is however described in the Municipal Assessment Returns as a play-ground. It may be inferred from this that permission might have been given for using the area as a play-ground. By itself, this cannot create any permanent right over the land in favour of the Club and the permission is liable to be withdrawn at any time. The ownership of the land absolutely vests in the Municipality and they have the discretion to appropriate it for any purpose in the best interests of the Town. Accordingly they have taken action to dispose of it after converting it into sites for building purposes. The sale has been regularly held and good prices have been realised. The President reports that the petition of the Secretary of the Club does not in the circumstances deserve any notice.

5 In this connection, I must add that some persons interested in the retention of the site as a play-ground resorted to boodism on the evening of the sale and assaulted some of the bidders. The Police have launched prosecutions against them. Some others have also come forward with a request that the site may be granted to the Club for an upset price of 4500/-.

6 The records are sent here with for reference and return. Afterwards a separate reference will be made to Government regarding the confirmation or other use of the sites now held.

I have the honour to be

Subject: Petition protesting sale & disposal of sites in Mulbail town

Sir,

With reference to your letter No. I 791/R dated 16th July 1946 and No. I 3491 dated 19th September 1946 on the above subject, I have the honour to forward herewith the records received from the President, Mulbail Municipal Council with his No. R 143/45-46 dated 13th September 1946 and to state that the question of confirmation of the sale of sites is considered at great length by the Council in the meeting held on 3/8/1946. It may be seen from the resolution of the Council that 10 members voted for confirmation of the sale and 7 voted for cancellation of the sale and holding the sale. The majority has decided the issue in confirmation of the sale and held which is pending order.

The facts of the case have been fully set forth in my letter dated the 24th June 1946 (copy enclosed). Some of the Municipal Councillors have petitioned the Chief Secretary, protesting against the confirmation of the sale and copy thereof received in this office on 15/8/46. As sent to the President, Mulbail Municipality for report on the points urged therein. In regard to the allegation that the sale is not conducted on the spot, but was held in the Octroi Office, kind reference is invited to the sale notification specifying the place where the sale would be held and according to that the sale had to be held in the Octroi Office only. Hence this allegation falls to the ground. Furthermore a bid plan is stated to have been prepared and hung up in a conspicuous place in the Octroi Office and that all bidders also inspected the sites marked in the plan before sale held. Regarding the allegation that the sale realisations were too low, that a higher bid of Rs. 4500/- offered was not accepted, it may be stated that there was no need to accept this high bid and one could regularly conducted sale merely for the reason that a higher bid is forthcoming. That this is not quite in accordance with the established principle of conducting sales.

As regards the last point that two Councillors who have pecuniary interests have voted for the confirmation of the sale against provisions of Town Municipalities Act (vide Rule 27 (1)) it may be stated that even this

this plea does not hold good for the reason that there will be a clear majority who have voted for confirmation of the sale even after eliminating the two councillors who have purchased the site in open auction and to whom the petitioners refer as having pecuniary interest. In the circumstances, the allegations of the petitioners are baseless and call for no notice. Municipality may be allowed to proceed to pass orders regarding the sale which has been regularly held.

I have the honour to be,

Sir,
